Office of the President,
Kolar Gold Fields Sanitary Board,
Dated Champion Reefs, the 27th June 1912.

From,

P. F. Bowring. Esquire.,
President, Sanitary Board. Kolar Gold Fields.

To,

K. R. Srinivasiengar Esquire., M.A.,
Offg. Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments.

Sir,

In enclosing herewith copies of Resolutions 13 and 8 of the Sanitary Board at its meetings held on the 22nd March 1912 and 17th May 1912 respectively on the subject of providing suitable accommodation for the President's Office, I have the honor to state that the office is now located in two very small rooms in the Special Magistrate's Court building, measuring 12' X 11½' and 11½' X 7' respectively. In these rooms have to be accommodated the clerical establishment of the office consisting of four hands, almyras containing records, spare forms, books &c., and other furniture, besides the Board's iron safe. There is hardly sufficient space for the clerks to move about, much less for the persons who have frequently to be coming to the office for payment of Sanitary Board dues, such as Market and Rent Collections, license fees &c. Owing to want of space room the records have also not been properly arranged. No additional room is available in the present building. The space utilised for the Magistrate's Court is barely sufficient for the purposes of the Court, and in fact, if an extra room were available, it would be utilised for the accommodation of respectable witnesses

2

waiting to be examined.

2. The need for providing more suitable accommodation for this office has long been felt, and the question of extending the present building was under consideration for some time. It has been found that this would be difficult and inconvenient in several respects and the Board have now resolved that the best thing would be to provide a small building for the President's Office, to be constructed out of the funds of the Board A plan and estimate have been prepared, the latter amounting to Rs 4,775/- (Rs 4,805/- as now revised in this office) and were considered and approved by the Board at its last meeting. The accommodation provided is on a very modest scale and consists of one room measuring 16' X 16' for the President and Vice President with a bath room attached, and one large room divided by a screen into two portions measuring 16' X 16' and 16' X 8' for the establishment, and one small room, 17½' X 8' for records. No room is proposed to be provided for holding the meetings of the Sanitary Board as it is considered that the Court Hall of the Special Magistrate, who is the Vice President of the Board, can always be made available for the purpose.

3. I have now the honour to submit the plan and estimate for the sanction of the Government. The cost may be met out of the provision of Rs 8,100 provided for " B Public Works, Original Works," in the budget estimates for the year 1912-13.

I have the honour to be,

Sir,

Your most obedient servant,

Macartney

Proceedings of an Ordinary Meeting of the Kolar Gold Fields Sanitary Board, held on Friday the 22nd March 1912.

13. As accommodation available for the President's Office in the Magistrate's Court building is quite inadequate, the Board approve of the proposal to provide better accommodation for the office and resolve to call for necessary plans and estimates for the purpose, to be considered at the next meeting of the Board.
